

# EASYTileAlign

The quick and easy system for ensuring a perfectly level patio

### Fit it - Spin it - Snap it

EASYTileAlign is quick and convenient. It is suitable for calibrated paving installation methods, or for use with Azpects revolutionary EASYClickBase system.

### Smooth, even surface

EASYTileAlign ensures that a smooth, even surface is achieved on calibrated natural stone, ceramic, or porcelain tiles.

### Easy to use and reusable

EASYTileAlign is an easy to use levelling system that incorporates the following: tile spacers, levelling caps and anti-friction shields. After use, the levelling caps and shields can be reused from job to job.
